

Hoops Onboarding Experience

Purpose-Built Software to Lift HR, Delight Hires, & Accelerate Ramp-Up

Most onboarding tools focus on paperwork, *not* people. They lack engagement, visibility, and clear ownership.

The **Hoops Onboarding Experience** creates tailored, automated journeys that build connection, drive internal team accountability, and deliver measurable results.

Impact at a Glance

30-60%

Less Admin Time*

Free teams from admin drags to focus on high-value work.

10-30%

Faster Time-to-Productivity*

Role-based workflows help new hires deliver impact sooner.

20-50%

Higher New-Hire Retention*

Pre-boarding keeps new hires engaged and reduces early churn.

Key Benefits

Streamlined & Automated

Automated workflows, reminders, and e-signs keep every step moving—reducing manual work and ensuring nothing gets dropped.

Role-Based Experiences at Scale

Tailor experiences by role, level, location, or even promotions and lateral moves—no more one-size-fits-all onboarding.

Built-In Accountability

To-dos for HR, Facilities/IT, and managers ensure clear ownership, aligned teams, and a consistent, confident start for every hire.

Clear Tracking & Reporting

Dashboards, progress bars, and pipelines show what's done, overdue, and next—ensuring seamless handoffs with up-to-date resources.

Connected Before Day One

Engage hires before they start with videos, values, and training that build team connection, set expectations, and drive long-term retention.

Works With What You Have

Fits alongside existing HR tools (or stands on its own) to deliver pre-boarding, communications, and role-specific workflows most systems can't.
