

Hoops Survey Experience

Tailored Surveys to Engage Teams, Capture Feedback, & Drive Real Results

Most survey tools dump data without direction. They're rigid and disconnected from business objectives.

The **Hoops Survey Experience** combines flexible design with expert support to make feedback clear, actionable, and impactful.

Impact at a Glance

40%

Higher Response Rates*

When surveys are short, personalized, and timed well.

4.6x

Greater Engagement*

In companies that act on survey feedback results.

21-51%

Less Turnover*

In business units with high employee engagement.

Key Benefits

Clear, Actionable Reporting

Responses roll into dashboards that track completions, flag risks, and highlight trends leaders can act on immediately.

Hands-On Partnership

Choose DIY or Done-For-You. Our team builds, guides, and supports so feedback drives meaningful change across the organization.

Tailored by Department & Stage

Customizable surveys by role, function, and department ensure feedback reflects each team's reality, not just company-wide averages.

Workflow Automation

Automated reminders and pipelines keep participation high, simplify tracking, and cut admin work for internal teams.

Richer Feedback Options

Capture input through text, ratings, video, audio, or file uploads — providing depth and context most generic surveys can't deliver.

One Platform, Connected

Run surveys in the same system as recruiting, onboarding and more — giving leaders one source of truth across the employee lifecycle.
